There's a difference between a  
good relationship  
and a bad one.

Speak up against the abuse.

Dating Violence is physical, emotional, and sexual assault, and harassment through texting, e-mailing, and instant messaging.

One in 10 high school students in New Mexico report being hit by their boyfriend or girlfriend in the past 12 months.

Dating Violence is serious and can lead to problems with your friends and family, at school or work, emotional problems, and even suicide.
